

EnFocus™ gives you dimming and color tuning control of LED lighting with unique advantages including:

- **Simple retrofit installation**
- **Network security**
- **Preservation of high power factor and low THD**
- **Significantly lower installation cost**
- **Sustainable and affordable lighting control**

FEATURES AND BENEFITS

- EnFocus™ boasts 10-stage dimming and color tuning capabilities
- Patent-pending phase-cut communication technologies over A/C power lines to facilitate dimming and color tuning while maintaining high power factor and low THD
- Installation is as easy as replacing a wall switch
- Utilizes existing wiring of buildings to eliminate the need for pulling new wires to create a lighting control pathway
- Works in buildings with either 2-wire or 3-wire electrical systems and is compatible with both 120V/277V
- Unlike lighting controls that utilize wireless communication protocols, EnFocus™ is “network safe,” free from increasingly common cybersecurity hacks and risks
- Provides the most affordable and accessible dimmable and color tuning capabilities available

PRODUCT SPECIFICATION

| SWITCH PART # | FUNCTIONALITY | VOLTAGE | CURRENT RATING | FACE PLATE COLOR |
|-----------------|-----------------------------------|-----------|----------------|------------------|
| LED SW-DM-2-WH | DIMMING ONLY - 2 WIRE | 120V/277V | 3A | WHITE |
| LED SW-DM-3-WH | DIMMING ONLY - 3 WIRE | 120V/277V | 3A | WHITE |
| LED SW-DCT-2-WH | DIMMING AND COLOR TUNING - 2 WIRE | 120V/277V | 3A | WHITE |
| LED SW-DCT-3-WH | DIMMING AND COLOR TUNING - 3 WIRE | 120V/277V | 3A | WHITE |
